Subject : Tamalpais Transportation Improvements Project  
Golden Gate National Recreation Area Scoping Period

Dear Park Planning Participant:

The National Park Service is conducting public and agency scoping for a proposed new multi-purpose trail that includes a segment within the Golden Gate National Recreation Area (GGNRA) at Tennessee Valley in Marin County, California.

The first step in the environmental review process, scoping provides an opportunity for public and agency input, such as communicating special issues or concerns that will help in the refinement and analysis of project alternatives.

The National Park Service, in collaboration with the County of Marin and Caltrans, is preparing a combined Environmental Impact Report/Environmental Assessment (EIR/EA) for the entire trail system proposed in the Tamalpais Transportation Improvements Project (TTI). The TTI includes construction of a two-mile multi-purpose trail from the Mill Valley-Sausalito multi-purpose pathway to Tennessee Valley, and re-construction of the Highway 1 Bridge over Coyote Creek.

You or your organization were sent a scoping meeting announcement in December announcing the Tamalpais Transportation Improvements Project public scoping meeting, which was held on January 28, 2003 at GGNRA headquarters in Fort Mason, San Francisco.

The purpose of this letter is to inform you that the scoping period for the GGNRA trail portion of the project concludes on **March 3, 2003**. Please email, telephone, or provide written comments no later than March 3, 2003 to:

Steve Laughlin, Project Manager  
Tamapais Transportation Improvements Project  
Building 201, Fort Mason  
San Francisco, CA 94123
